## BOARD POLICY MANUAL

**Section #:** Corporate & Board Governance

**Subject:** Emergency Capital Investment Expenditure Policy (ECIP) **Policy No. 1-05**

---

### I. PURPOSE

The purpose of this policy is to establish parameters and internal controls governing the expenditures of Financial Partners Credit Union (together with its subsidiaries and controlled affiliates, referred to hereafter as the Organization). Expenditures of the Organization should be customary, prudent, consistent with applicable laws and regulations, and reasonably related to the Organization's business objectives and needs. This policy identifies expenditures that are excessive or luxury expenditures, creates processes that are reasonably designed to eliminate such expenditures, and establishes accountability for compliance with 31 CFR 35.21. Routine operating expenses, capital expenditures, and other reasonable expenses are not prohibited by this policy.

### II. POLICY

This policy applies to all employees, officers, and directors of the Organization with regard to any expenditure of the Organization. In making any expenditure on behalf of the Organization, employees, officers, and directors should consider whether the expenditure is an excessive or luxury expenditure that is prohibited under this policy.

### III. RESPONSIBILITIES

This policy is the responsibility of the Organization's Board of Directors (Board). The summary data on excessive or luxury expenditures will be reported to the Board annually.

The Organization has authority to provide compensation and benefits that are reasonable. This policy establishes a prohibition on expenditures that are excessive, or luxury expenditures as required by the Department of the Treasury's Emergency Capital Investment Program regulations (31 CFR Part 35), and as may be required by other statutes and regulations.

#### IV. EXCESSIVE & LUXURY EXPENDITURES

“Excessive or luxury expenditures” means excessive expenditures on any of the following to the extent not reasonable or appropriate expenditures for business development, staff development, reasonable performance incentives, or other similar reasonable measures conducted in the normal course of the Organization’s business operations:

- *Entertainment or events.* This category includes fees, dues, tickets costs related to social, athletic, artistic, and dining clubs, activities, celebrations or other events, and similar expenditures. Expenditures for charitable contributions and charitable events are not prohibited under this policy. Entertainment or events expenditures in an amount less than \$20,000 per instance, and \$100,000 on an annual aggregate basis per individual, are exempt from this policy.
- *Office and facility renovations.* Office and facility renovations are permitted only for approved projects that are part of the Credit Union’s Board approved annual financial budget. An exception to this can be allowed if management must deal with an emergency situation, such as an act of nature, and the expenditure is necessary to make the facility operational for member use. Renovations must be in all regard consistent with the Credit Union’s branding.
- *Aviation or other transportation services.* This category includes charter fees, tickets, slip or docking fees, vehicle installment payments, reservation, and travel agent expenses, and similar expenditures associated with transportation services (e.g., airline, train, rental cars, or vans). Mileage reimbursable according to current Internal Revenue Service mileage rates is exempt from this policy. Transportation services in an amount less than \$20,000 per instance, and \$100,000 on an annual aggregate basis per individual, are exempt from this policy. The principal executive officer may establish or delegate to an appropriate executive officer the authority to establish processes for reimbursement of reasonable travel expenditures, which processes must be reviewed by executive management no less frequently than annually.
- *Other similar items, activities, or events for which the Credit Union may reasonably anticipate incurring expenses or reimbursing an employee for incurring expenses.* Expenditures related to other items not listed in the preceding categories are exempt from this policy in an amount less than \$20,000 per instance, and together with all expenditures permitted under this policy, may not exceed \$100,000 on an annual aggregate basis per individual.

For the avoidance of doubt, reasonable capital investments in technology, equipment, and similar items that expand the long-term capability of an ECIP recipient to provide products and services to its members and community are not excessive or luxury expenditures.

The principal executive officer may establish or delegate to an appropriate executive officer the authority to establish processes for the evaluation and approval of expenditures in the preceding

These processes must be reviewed by executive management no less frequently than annually, as well as any additional threshold expenditure amounts per item, activity, or event, or a threshold expenditure amount per employee receiving the item or participating in the activity or event under this policy.
